

RxNXT Deep-Tech SaaS Development Cost Analysis

Detailed Financial Valuation, Technical Asset Audit & Cloud Unit Economics

EXECUTIVE VALUATION SUMMARY (PRESENT STAGE)

- **Total Asset Replacement Value (India Market):** **INR 8,50,000 - 12,50,000 (\$10,000 - \$15,000 USD)**
- **Total Engineering Hours Invested:** **490 Professional Full-Stack Hours**
- **Current Monthly Cloud Hosting Cost:** **INR 1,500 - 3,500 / month (\$20 - \$40 USD)**

1. Deep Technical Module Cost Breakdown

Module / Component Architecture	Est. Hours	Valuation (INR)
1. Core Architecture, Prisma ORM, PostgreSQL & Supabase RLS Schema design (13 models), multi-tenant clinic isolation, RLS security policies.	60 hrs	INR 1,10,000 - 1,50,000
2. Doctor Workspace & 1-Click Protocol Packs Engine Rx cart, quick-picks, dosage form auto-completion, 1-click protocol packs bar.	90 hrs	INR 1,75,000 - 2,40,000
3. OPD Queue & Front-Desk Receptionist Management System Token number tracking, live status (Waiting/Away/Completed), doctor assignment.	70 hrs	INR 1,20,000 - 1,60,000
4. Automated 3-Slot WhatsApp Nudges & Microservice Bridge Morning/Afternoon/Night smart slot cron scheduling, food notes, Render bridge.	80 hrs	INR 1,50,000 - 2,00,000
5. AI Patient Clinical Summarizer & PDF Generation Engine AI history digests, vector-like patient insights, PDF print customizer with QR/Sig.	65 hrs	INR 1,25,000 - 1,70,000
6. Multi-Role Auth (RBAC), NextAuth & Security Isolation Doctor, Receptionist, SuperAdmin access control, password security, session handling.	40 hrs	INR 70,000 - 95,000
7. Medical Wallpaper UI/UX, Design System & Responsive Layouts Tailwind CSS medical design tokens, glassmorphism cards, custom wallpaper assets.	45 hrs	INR 65,000 - 90,000
8. Automated Jest Unit Testing & GitHub Actions CI/CD Pipeline 20 unit test suites, Prisma generation in CI, Vercel auto-deploy pipeline.	40 hrs	INR 60,000 - 80,000
TOTAL ASSET REPLACEMENT VALUE	490 Hours	INR 8,75,000 - 11,85,000

2. Comparative Market Development Benchmarks

Model A: Specialized Indian Healthcare IT Agency	INR 9,00,000 - 13,00,000
Includes dedicated project manager, full-stack developers, QA tester, and UI/UX designer over a 3 to 4 month sprint cycle.	
Model B: In-House Engineering Team (3 Months Payroll)	INR 7,30,000
1 Senior Full-Stack Lead (INR 3.6L) + 1 Frontend Dev (INR 2.0L) + 1 QA/DevOps Engineer (INR 1.2L) + Tooling Overheads (INR 50k).	
Model C: US / European Software Development Agency	\$24,000 - \$38,000 USD (INR 20L - 31L)
Standard offshore/nearshore contract rates for compliant healthcare SaaS products with microservices and CI/CD pipelines.	

3. Monthly Cloud Infrastructure Running Costs (Pilot Stage)

Cloud Provider & Service	Current Configuration Tier	Monthly Cost (INR)
Vercel Inc.	Frontend & Serverless Edge APIs (Hobby/Pro)	INR 0 - 1,700 (\$0 - \$20)
Supabase Inc.	PostgreSQL DB + RLS Security (Free/Pro Tier)	INR 0 - 2,100 (\$0 - \$25)
Render Cloud	Node.js WhatsApp Microservice Worker	INR 0 - 600 (\$0 - \$7)
GitHub Enterprise	Code Hosting & Actions CI/CD Pipeline	INR 0 (Free Tier)
WhatsApp Business API	Utility Conversations (~INR 0.78 / patient)	Pay-per-active-patient
TOTAL MONTHLY INFRASTRUCTURE OVERHEAD		INR 1,500 - 3,500 / month

4. Asset Valuation & Investor Pitch Deck Summary

A. Software Replacement Value & Time-to-Market Advantage

- Current Built Codebase Valuation: INR 10,00,000 (~\$12,000 USD).
- Time Savings for Incubators / Investors: Saves 4 months of full-stack engineering effort.

B. Built Core Intellectual Property (IP) & Tech Moats

1-Click "My Protocol Packs" Engine: Reduces consultation prescription creation time down to 0.1 seconds.

Automated 3-Slot WhatsApp Nudge System: Morning (8 AM), Afternoon (1:30 PM), Night (8:30 PM) with food notes.

Enterprise Supabase PostgreSQL Security: Row Level Security (RLS) enabled on all 13 tables (0 Errors / 0 Warnings).

Automated Testing & CI/CD Pipeline: 100% test pass rate across 20 unit tests with GitHub Actions & Vercel deployment.

Doctor-First Aesthetic UX Design: "Doctor Led. AI Enabled" branding with custom light medical wallpaper layout.

C. Commercial Scalability & Unit Economics

- Low Operating Overhead: Scalable to 10+ clinics and 5,000 active patients for under INR 3,500/month.
- Clinic SaaS Subscription Pricing: INR 2,000 - INR 5,000 / month per clinic.
- Direct Cost per Active Clinic: ~INR 350 / month (Serverless APIs + WhatsApp Nudges).
- **Gross Profit Margin per Clinic: > 82%**
